The Dragon King: Mike Shelton 2017-05-08

The fate of a kingdom rests on the shoulders of three young wizards who couldn't be more different. Bakari is a brilliant scholar wizard who's more at home in a library than a battlefield. Alli is a beautiful young wizard woman whose grace in battle is both enchanting and deadly. Roland is a confounded wizard with a seemingly limitless depth of untapped power -- and the ego to match it. As the magical barrier protecting the kingdom of Arista from dangerous outsiders begins to fail, and a fomenting rebellion threatens to blow up in the faces of the three wizards, the fate of a kingdom hangs in the balance.

The Dragon King - Mike Shelton 2017-05-15 is spreading across the Western Continent. One by one, kingdom, king, and wizard are falling under its influence. Book 3 in The Alaris Chronicles brings a stirring conclusion to the adventures of three young wizards, bees, tuns, magic, and unanticipated events. Dragon King Bakari, Battlemaster Alli, and High Wizard Roland are now powerful leaders in their own right. Defeating missions and responsibilities have separated them; Bakari flies north to find the last Dragon Rider, Alli goes south to find the source of the evil, and Roland, leader of the Citadels, finds himself stuck in the magical stream without his body. The Dragon King and his riders always emerge in times of great need - but will their powers be enough? Will they succumb to the temptations of evil? Each wizard and Rider will be tested - not all of them will pass.

The Golden Dragon - Mike Shelton 2018-10-15 How much wizard power is too much? Some people are born with magical powers. Others are not. It's that simple. This follow-up series to the Alaris Chronicles can be read forwards or as a stand-alone series. Roland Tyre, High Wizard of the Alaris, has always been to be the most powerful wizard in the land and admired by all. But there is someone else that he does not think is fit for the role - Bakari. Bakari, one of his best friends. While Bakari and the dragon riders race off to find the lost dragon artifacts and the mythical golden dragon, Roland discovers his own magical ability that gives him the opportunity to increase his own power and influence in the land. Can friendships survive greed for power? And who will emerge as the most powerful wizard in the land? A grand adventure awaits with powerful wizards, kidnappings, traitors, kingdoms changing hands, and of course dragons and other magical creatures.

Detroit Tigers 1984-Mark Patterson The 1984 Detroit tigers cruised out of the gate, winning their first nine games of the season and compiling an on-pace-keeping 35-5 record after the campaig's first 40 games–still the best start ever for any team in major league history. The tigers led wire-to-wire in 1984, becoming only the third team in the modern era of the majors to have done so. And Detroit's determination and tenacity resulted in a sweep of the Kansas City Royals in the AL playoffs and a five-game victory over the San Diego Padres in the World Series. And Tigers fans will tell you that the bottom of the eighth inning in Game Five was the first time Kirk Gibson hit an iconic home run in the Fall Classic. Detroit Tigers 1984: What a Start! What a Final! an effort by the society of American Baseball Research's BioProject Committee, brings together biographical profiles of every Tiger from that magical season, plus those of field management, top executives, the broadcasters--even venerable Tiger Stadium and the city itself.

Was Man More Aquatic in the Past? Fifty Years After Alister Hardy - Waterside Hypotheses of Human Evolution and Aquatic Behavior-Samuel Osburn 2013 The book starts from the observation that humans are very different from the other primates. Why are we nked? Why do we walk upright? Fifty years ago, in 1966, marine biologist Sir Alister Hardy tried to answer this when he announced his co-called aquatic hypothesis: human ancestors did not live in dry areas, as traditional anthropologists assume, but had adapted to live at the edge between land and water, gathering both terrestrial and aquatic foods. This book is an up-to-date collection of the views of the most prominent protagonists of this long-neglected theory of human.
